ADDITIONAL INFORMATION

Register in advance @ https://utah.sjc1.qualtrics.com/jfe/form/SV_1YW7NLgdA1zh1c

ASK A FRIENDLY LINGUIST:

If you want general information about some of the topics you might encounter during the conference, you can find someone on the Planning committee, and we can give general information about linguistics.

KEYNOTE SPEAKER:

Dr. YeJin Jung, L2TReC:

Yejin is a postdoctoral researcher at the Second Language Teaching and Research Center (L2TReC) at the University of Utah. In her current position at L2TReC, she is leading the learner corpus projects: Multilingual Corpus of Second Language Speech (MuSSeL) and Written Corpus of Utah Dual Language Immersion (CUDLI). She is interested in pragmatics, corpus linguistics, and second language teaching and assessment. Her research work has been published in related journals such as *Research in Corpus Linguistics* and *Studies in Language Testing (SILT)*. Before she joined academia, she had professional experiences in second language teaching and higher education administration for many years. Yejin is also a strong advocate for a sustainable approach to productivity and academic success. When not working, she enjoys running, open-water swimming, and weightlifting.

POSTER PRESENTATIONS:

1:00 pm – 2:30 pm

PRESENTER	POSTER TITLE
CANAN DEVECI	The Role of Orthographic and Auditory Input Order in L2 Lexical Updating
